

**DEMOCRATIC  
SCHEME SEEN  
IN OIL PROBE****Senator Leavitt Sharply At-  
tacks Those Who Would  
Stigmatize President.****IS POLITICS, UNDISGUISED****Democrat Senators Know of Leases  
to Sinclair, Indicate Two Years Ago  
and Might Have Long Ago Called  
Them in Question, He Feels Out.**

By United Press.

WASHINGTON, Jan. 29.—The oil leasing scandal today began to swing rapidly toward an open and undisguised political encounter between Republicans and Democrats when debate in the Senate opened.

Senator Leavitt of Wisconsin, regular Republican, who is chairman of the Senate Public Lands Committee, investigating the leasing of Teapot Dome, delivered a violent attack on critics of President Coolidge.

"The attempt to attach some stigma of blame in this matter to the present President of the United States," said Leavitt, "is politics and nothing else. If Democratic senators had doubts concerning the legality of these leases, why did not some of them at any time in the past two years call on the President to annul them?"

The investigating committee refused this morning to accept an invitation to go to Fall's home to question him. Upon the suggestion of Senator Walsh it was decided that physicians who have been attending Fall will appear before the committee tomorrow to give an opinion as to when Fall's health will permit him to appear.

WASHINGTON, Jan. 29.—Over night developments in the oil leasing scandal new engaging official Washington as all hours, made it appear today that President Coolidge may be some direct target of attack of those who are demanding a complete clearing in the investigation. The President, it was reported, is inclined to stand by his cabinet members.

Friends of the President in the Senate represented him as feeling that charges against members of his cabinet are not yet sufficient or serious consideration. One resolution, however, has been introduced demanding the resignation of Secretary Denby.

Senator Walsh is scheduled to take further direct action against Denby today. As a consequence Senator Leavitt is prepared to turn the guns directly upon the White House. Mr. Coolidge was the first vice-president to sit with the cabinet. Senator Walsh called the Senate's attention to the Fall letter of June, 1922, in which he then secretary mentioned that the leases were discussed at cabinet meetings.

"Where was Mr. Coolidge while the cabinet was discussing the legality of the Teapot Dome leases?" Caraway asks.

WASHINGTON, Jan. 29.—"I am so convinced that I did the right thing in making the naval leases, that I could do it again tomorrow," Secretary Denby declared emphatically after leaving the cabinet meeting at the White House today.

WASHINGTON, Jan. 29.—A new session, involving the Navy Department, appeared this afternoon when Chairman Butler of the House Naval Affairs Committee summoned Secretary Denby and several naval officers to appear tomorrow for questioning a connection with charges of illegal expenditure of some \$17,000,000 in oil leases.

PARIS, Jan. 29.—Harry P. Sinclair will return to the United States as soon as possible to reply fully to charges of corruption in connection with the leasing of oil company has obtained on the Teapot Dome naval oil leases, he said in a telegram to Senator Leavitt.

Senator Leavitt's denial that he gave Albert B. Fall, former secretary of the Interior, or any other representative of the Harding government any money in consideration of his leases. "I commend the action of the committee in ordering recrossing of any guilty persons," he said, "and welcome a judicial determination of the question."

**BRIGANDS CAPTURE  
MAN WITH NEWS OF  
BRITISHER'S DEATH**

By United Press.

Peking, China, Jan. 29.—Brigands near the Peking terminus of the Great Wall Railway have captured and robbed a Dr. Thompson, en route to Peking to report on the death of a British subject, General Pereira, according to a message received here today.

Four dead near Beijing, the two where American missionaries recently were captured by bandits, in response to a summons the Peking government has sent troops to Peking to put down brigands said to control that territory.

More Checks Reported.

Mrs. C. H. Bailey of East Connellsville has 10 checks.

**Scout Father and Son  
Banquet Off Because of  
Lack of Interest in It**

Because of evident lack of interest in the proposed father and son banquet of the Boy Scouts and their fathers in this city, the project has been dropped. This decision was reached last night at a meeting of the Scoutmasters' Association at the home of Ralph P. Shiger, the president. There were 15 persons present. It was the first combined business and social meeting of the association, one of which will be held on the last Monday of each month during the year.

The father and son banquet for all the Scouts in the city would have required considerable effort and committee were unable to give favorable reports. It was decided, however, that those troops which desired to do so could arrange such banquets for their own members and the fathers.

Scout Anniversary Week will begin on February 8. At 8 o'clock on this night all Scouts of the city will go to their various meeting places where the scout oath will be repeated.

**CONFLUENCE COUPLE  
CELEBRATE 50 YEARS  
OF MARRIED HAPPINESS**

A most enjoyable celebration was held Sunday at the home of Mr. and Mrs. Alvin Burworth at Confluence, the occasion being their golden wedding anniversary. The home was beautifully decorated with flowers. The color scheme was gold, as it was in the home of Mr. and Mrs. Hal Hostetter, their son-in-law and daughter, Bessie, second door from their home, where a beautiful dinner was served, the purpose for which was to have Mr. and Mrs. Burworth free to entertain the guests outside the meal hour.

Those present were Mr. and Mrs. H. L. Hostetter and daughter, Rachel, and Elsie of town; Mr. and Mrs. James Trombley and daughter, Emma Jean, Baltimore; Mr. and Mrs. Charles Watson and daughter, Mary, Connellsville; Mr. and Mrs. J. P. Burworth and daughter, Dorothy Louise, Rockwood; Mr. and Mrs. Jack Shiner and grandson, Murritt Shiner, Somerset; Marshall Collins, Uniontown; Mrs. Anabel Burworth; Johnson Chapel, and their pastor, Rev. L. H. Powell.

Mr. and Mrs. Burworth were married January 27, 1874. Mr. Burworth is the son of the late Rev. Patterson and Evaline Burworth of near Confluence. Mrs. Burworth was Emily, daughter of the late Jeremiah and Louisa Bowlin of near Somerset. The ceremony was performed at the home of the bride's parents by her pastor, Rev. Daniel J. Davis, who was then pastor of the Addison Circuit of the Methodist Episcopal Church. Rev. Davis is still living and is a retired minister of the above church residing in Pittsburgh.

To this union were born four children, three daughters and one son, as follows: Bessie, now Mrs. H. L. Hostetter of this place; Elsie, now Mrs. James Trombley of Baltimore, Md.; and Emma, now Mrs. Charles Watson of Connellsville, and J. P. Burworth, a well-known Baltimore & Ohio Railroad engineer of Rockwood. To show the high esteem in which they are held a large number of friends, including the Ladies Aid Society of the Methodist Episcopal Church, of which Mrs. Burworth is a member, called during the day and evening to pay their respects.

Mr. Burworth, who is 72 years of age, is enjoying good health aside from being badly crippled with rheumatism, looks much younger than a man 72. Mrs. Burworth is 70 years old and enjoys very good health.

For several years Mr. Burworth has been holding the office of borough constable and at present is tax collector, also.

**LOCAL WOMAN  
HIT BY AUTO  
IN PITTSBURGH**

By United Press.

PITTSBURGH, Jan. 29.—Crossing the street at Smithfield and Sixth avenue this morning with her five-year-old son, Mrs. Gertrude Lowry of Connellsville was struck by an automobile and knocked to the street. She was taken to the Allegheny General Hospital where it was found that the boy was uninjured and that Mrs. Lowry had suffered slight lacerations of the scalp. She was discharged from the hospital and sent home.

The driver of the machine that struck her, Nick Flore, was arrested by Policeman Cahill on a charge of reckless driving.

Salt Over Taken.

SOMERSET, Jan. 29.—Walter Winger and Harvey Poorbaugh of Wellersburg have each brought suit against the Wellersburg School District to recover the sum of \$108, which amount represents the sum alleged to be due the plaintiffs for paying the tuition of Miss Wilhelm's Winger and Mrs. Poorbaugh, daughter of the plaintiffs, in the Meyersdale schools. They claim the Meyersdale school is the nearest available.

**EIGHT SCHOOLS  
REPRESENTED AT  
TOUR CONFERENCE****President of County Sunday  
School Association Presides  
at Meeting Here.**

Eight Connellsville Sunday Schools were represented at a tour meeting at the Methodist Protestant Church at which President George B. Coughenour of the Fayette County Sunday School Association, Secretary J. H. Collins and others spoke. Schools having delegations at the rally were Methodist Protestant, Methodist Episcopal, Christian, United Presbyterian, United Brethren, West Side Methodist, Trinity Lutheran and Church of the Brethren.

Six superintendents and 17 teachers were employed.

President Coughenour presided. L. G. Hoover, district president, conducted the devotional exercises. Besides President Coughenour talks were made by Frank Snider of Uniontown, superintendent of administration; J. G. Chorpensing, Uniontown, superintendent of community service; Rev. L. R. Wylie of Dunbar, adult superintendent, and Secretary Collins.

**A. M. WOODMANCY OF  
BEAR RUN DIES IN  
PITTSBURGH HOSPITAL**

As he was about to board a Baltimore & Ohio train for Pittsburgh this morning, R. W. Woodmancy of Jones Mill was notified of the death in West Penn Hospital, Pittsburgh, of his father, Albert M. Woodmancy, 72 years old, of Bear Run. The son had been notified Monday night that his father was worse, following an operation performed last Friday, and had arranged to go to the hospital in company with his brother-in-law, Gibson Bryner of Dunbar. The mountain train was late and during the delay word came to Ticket Agent R. E. Shaw from a brother, Donald Woodmancy of Pittsburgh, to intercept the two. They were reached as they were boarding the train.

Mr. Woodmancy was a native of Confluence but had been a resident of Ohio for the greater part of his life, coming there when a boy and residing there until 20 years ago when he moved to Bear Run. By occupation he was a blacksmith. He had operated shops at Ohio and Bear Run. When the Baltimore & Ohio Railroad was constructed over the mountains, Mr. Woodmancy was employed on that project. He started as water boy and worked up to foreman of a construction gang.

Besides his wife, who was formerly Nancy Shipley, daughter of the late Levi and Caroline Shipley of Maple Summit, Mr. Woodmancy is survived by three sons, Edgar H. of Philadelphia, R. W. of Jones Mill and Donald of Pittsburgh and one daughter, Mrs. Gibson Bryner of Dunbar. There are three grandsons and one great-grandson.

**Alleged Forger  
Given 90 Days to  
The Workhouse**

George Burrell of Connellsville was sentenced in Uniontown today to 90 days in the workhouse on a charge of forgery and uttering worthless checks to the amount of \$37.50. He was charged with using the name of James P. Cypher.

George Step and James Bell, negroes of Elm Grove, were fined \$25 each and given 30 days to jail for carrying matches into the mine there and tampering with safety lamps. They were prosecuted by Mine Inspector Silas S. Hall.

Stanley Kessler of Uniontown, who had been paroled following his conviction on a larceny charge, was called into court and his parole revoked.

**Miner Dies of  
Fright; Wife Is  
Compensated**

By United Press.

HARRISBURG, Jan. 29.—A man frightened to death while engaged in his employment may be "eligible" to the benefit of workmen's compensation, the State Compensation Board decided today.

Mrs. Annie Lawrence, whose husband died of fright when a 300-pound rock dropped 18 feet from the place he was working in the Vesta Coal Company mine near Pittsburgh, received an award from the compensation board. Chairman T. Henry Walnut held that violence to the physical structure of the body also included shock to the brain as was indicated in this case.

**Divorces Granted  
In Three Cases**

Three divorces were granted in Uniontown today, as follows:  
Corn M. Santmyer, Star Junction, married in 1912; dissolution.  
George S. Duke, Seaford, married in 1910 at Cumberland.  
Mary A. Davidson, Brownsville, married in 1911 at Merphish, Pa., and lived at Brunell, Smock and Bello Vernon.

**The Weather**

Unsettled, probably occasional rain tonight and Wednesday; mild temperature is the noon weather forecast for Western Pennsylvania.

**Canada Plans to Halt  
Flow of Rum Into U. S.****British Railway  
Strike Settled;  
MacDonald Happy**

By United Press.

OTTAWA, Ont., Jan. 29.—It was announced today that the government is preparing a system to be inaugurated soon to halt the flow of Canadian liquor into the United States. It is expected that before the opening of Parliament February 28 "wet goods" from this side of the border into the United States will be completely dammed.

The announcement is the aftermath of the international rum running conference held in the Canadian capital two months ago. Much secrecy surrounded that plans to cooperate with the United States.

Another official said service would be back to normal by night.

The strike lasted just eight days.

J. Dromley, leader of the striking engineers and firemen, said after the conference broke up:

"The terms reached were most satisfactory. The men will return to work at once."

MacDonald learned the good news over the telephone and left for London shortly afterward on a private visit. He smiled in answer to cheers at the station, obviously a greatly relieved man.

### MAY PROVE FATAL

When Will Connelville People Learn the Importance of It?

Backache is only a simple thing at first. But if you find it from the kidneys, that serious kidney troubles may follow. That droopy or bright disease may be fatal. You will be glad to know the following experiences. 'Tis the statement of a Connelville citizen. O. R. Jackson, hotel manager, Crawford Ave., says: "I was working in Oklahoma, doing strenuous labor and my back ached and my kidneys became congested. I felt dull and listless and had headaches that caused me to be all out of sorts. I saw Doan's Kidney Pills advertised and purchased a box at the Union Drug Co. They put me in line, and the backache ceased and my kidneys acting regularly. I was cured and I think Doan's are all right." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advertisement.

### Enjoyed a Good Night's Sleep.

"I wish to say that FOLEY PILLS worked O. K. on me in a couple of hours and the pains left me at once. I took a couple of them in the afternoon, went to bed and had a good night's sleep and have slept good ever since," writes Con. Thib. 128 N. Columbia St., West Wayne, Indiana. FOLEY PILLS are a diuretic stimulant for the kidneys and will increase their activity. Restore substitutes. Sold everywhere.—Advertisement.

### Burials to Meet.

A special meeting of the Barbers Union has been called by Charles Baker, secretary and treasurer for tonight in Odd-Fellows Hall.

### Late Fashion Notes of Interest to All Women

"Hostess" gowns, which are really glorified negligees, are becoming even more glorious. They are made of hand-loomed brocades, lined with rainbow gauze. "Bardizian" flax, hitherto used principally in fine luncheon sets, is seen upon afternoon frocks. This use for it is part of the wide vogue for lace of every kind. Wooden jewelry is again now and then with frocks embroidered in shell or Russian designs. This wood is smooth as satin, highly polished and carved into remarkable designs. Choker necklaces of huge pearls are a renascence of the choker neck ornaments so fashionable last season. The big choker pearls have come in as tolls for the black velvet frock. There is a tad for rather small taffeta wrist bags to be carried to the opera. These porcelaineous dainty things in faint rose, lavender and pearl white are just large enough to hold fan, opera glasses, handkerchief and powder-box. They are long and nar-

Popularity gives you this quality cigarette at a quantity price. LUCKY STRIKE "IT'S TOASTED"

### Grim Reaper

JAMES P. COURTNEY.  
James P. Courtney, 31 years old, son of Mr. and Mrs. Patrick Courtney of Girard, Ohio, formerly of Connelville, died this morning at 11 o'clock at his home following a lingering illness. Besides his parents he is survived by the following brothers and sisters: Mrs. Paul Wetters, who has been at the Courtney home for the past several days; Mrs. James Robinson, both of Connelville; Thomas Courtney of Uniontown; Albert Courtney, William Raymond and Mildred Courtney, all at home. Mrs. Courtney, mother of the deceased, is recovering from an illness and her son, Albert, is in a hospital in Youngstown, Ohio, having undergone an operation. The Courtney family left Connelville eight years ago, locating in Girard. Mr. and Mrs. Robinson accompanied by Mr. and Mrs. Thomas Courtney of Uniontown, will go to Girard to attend the funeral.

ROSS SECHLER.  
MEYERSDALE, Jan. 22.—Ross Sechler, aged 72 years, of St. Paul, Etchick township, died of a complication of diseases at his home on Saturday. He is survived by the following children: Charles Sechler and Mrs. Sadie Bittinger, both of Maryland; Calvin Sechler, Somerset, and William and Jacob Sechler, both of St. Paul. Mr. Sechler with his wife lived in the grave some years ago. He also is survived by one brother residing in the state of Nebraska, 13 grandchildren and one great-grandchild. Funeral services were held at 10:30 o'clock this morning in the St. Paul Reformed Church followed by interment in the church cemetery.

MRS. ELIZABETH JANE MILES.  
Mrs. Elizabeth Jane Miles, 76 years old, of Oliver No. 1, mother of Charles W. Miles of this city, died yesterday in the Uniontown Hospital. She had received burns on the foot in December and was later taken to the hospital. She could not withstand the shock, however. The body was brought to the funeral parlors of Charles C. Mitchell here and will be removed to the home of the son, 407 East Francis avenue where the funeral service will be held. Before going to the hospital Mrs. Miles had lived with her daughter, Mrs. Ethel Foster. No funeral arrangements have yet been made.

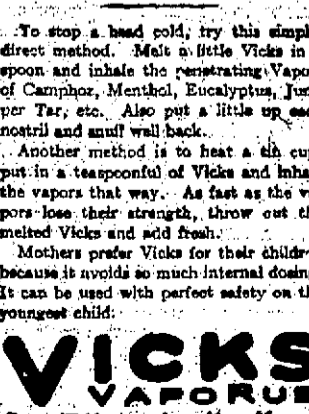

HENRY D. CORE.  
Henry D. Core, 18 years old, secretary and general manager of the Southwestern Insurance Company and for many years before his connection with the firm was engaged in the business in Uniontown, died Monday evening at his home in Uniontown following a brief illness of bronchitis and grip. He is survived by his wife, Mrs. Rachel Finley Core and one daughter, Mrs. William M. McCormick of Uniontown.

MISS MARGARET SAYLOR.  
The funeral service for Miss Margaret Saylor, 27 years old, who died Saturday at the home of her aunt, Miss Cora Barron of Middletown, was held this morning at the Lutheran Church at Rockwood, followed by interment in the church cemetery.

Card of Thanks.  
Women's Christian Temperance Union No. 2 wish to thank all those who assisted in any way with the celebration of the 4th anniversary of the Prohibition held January 15 in the Methodist Protestant Church.—Advertisement.—20-1.

### Try This Way To Get Relief From Head Colds

Nothing to Swallow—You Just Melt a Little in the Healing Vapors. To stop a head cold, try this simple, direct method. Melt a little Vicks in a spoon and inhale the penetrating vapors of Camphor, Menthol, Eucalyptus, Juniper Tar, etc. Also put a little up each nostril and sniff well back. Another method is to heat a tin cup, put in a teaspoonful of Vicks and inhale the vapors that way. As fast as the vapors lose their strength, throw out the melted Vicks and add fresh. Mothers prefer Vicks for their children because it avoids so much internal dosing. It can be used with perfect safety on the youngest child.

# GULBRANSEN

## The Registering Piano

**The Gulbransen is a Host in Itself**

It's always time-to-go before you know it—when a Gulbransen Registering Piano furnishes the music!

Friends will class yours as a home they like to visit—where dull hours are unknown.

Your skill in playing the Gulbransen will win comment—and rightly so. From early evening 'til late you'll play songs, dances, classics—registering your own personal touch and expression through the amazingly responsive pedals of the Gulbransen.

Easy to play! Yes—just try it! Easy to play well! Yes—exclusive Instruction Rolls quickly show how. A superior instrument! Yes—in every way—construction, tone, finish and known value for every dollar invested.

The Gulbransen is indisputably unique and distinctive. Its development has been to give as direct control of music through the pedals, as when playing by hand. Try a Gulbransen, and pass your own judgment.

Just as shown—these Buffets are of the popular Colonial design. Have lined silverware drawer and French plate mirrors. Finished golden.

Selections Made Now will be Held for Delivery Until You are Ready for Them.

### Fayette Sunday School News

By J. M. Collins, Secretary.

The Massena District Association is certainly a live organization, so much so that they are desirous of entertaining the next county convention, and have extended an invitation that it be held in Massena at some time during the month of June. They also propose to have designs on winning the county banner, and it might be well for some of the other districts to keep an eye on them. Their proceedings can be subjected to the

enthusiasm of their corps of officers, which without doubt is kept alive through their monthly executive meetings, a fine sample of which was held on Friday evening at McClintock. They have adopted the suggestion of the county association that each district at some time during the latter part of each month, hold a meeting of their executive committee, consisting of the district officers and school superintendents, at which time reports and a general discussion of the work is had. They invited one of the county officers, in the person of Mrs. J. W. Dawson, to be present at their last meeting.

The annual group-meeting for the Smithfield District was held in the Methodist Church at Fairbairn. These

meetings, which are in the nature of conferences or institutes, are held under the direction of the county officers for the purpose of the instruction of the district officers in the line of their duties. This meeting, which was addressed by Frank Snider, Prof. J. T. King, Mrs. R. B. Mansell and Mrs. J. H. Collins, was the second of the year, a previous meeting having been held in the Oak Grove Methodist Church, at which Rev. F. J. Scott and H. S. Burdick were the principal instructors.

### Confluence

CONFLUENCE, Jan. 28.—Miss McClinton went to Watson Saturday to

visit her sister, Mrs. McDaniels. P. E. Finzel of Lonsdale, Md., was here Saturday enroute to Somerset on business.

Mr. and Mrs. William Burnworth and Mr. and Mrs. J. L. Burnworth were recent visitors to Connelville.

Robert McNeal of the Jersey Church was here Saturday enroute to Somerset to transact business.

Silas Younklin, one of our oldest and most respected citizens who has been ill for several months still continues in a serious condition. Frank Dull of Connelville was a recent business visitor in town. Paul Geller has returned from a business visit to Cumberland. Rascoe Hall, who works in Morgantown, W. Va., was a recent visitor with friends in town.

Mr. and Mrs. Frank Davis of Connelville were visitors in town Saturday.

Cyrus Shaw of Ohioville was a pleasant visitor here Saturday, greeting his many friends.

### Normalville

NORMALVILLE, Jan. 28.—Jones Basinger was the guest of his parents, Mr. and Mrs. Jacob Basinger over Sunday.

Della May, daughter of Mr. and Mrs. Ralph Rhoads, who has been confined to her home at Rogers Mill for some time with kidney trouble isn't improving any.

Mr. and Mrs. Bruce Porterfield are the parents of a daughter. The fam-

ily now consists of three girls and two boys. Mrs. Porterfield before her marriage was Miss Carrie Basinger.

Mrs. Elizabeth Porterfield and grandson, Charles Ridenour, spent Tuesday in Connelville.

Miss Mildred Hall spent Saturday in Connelville visiting relatives and friends.

Mr. and Mrs. F. B. McMillen have returned to their home at Rogers Mill after a two weeks' stay with Mrs. McMillen's daughter, Mrs. Edith Sumay of Greensburg.

Mr. and Mrs. Orval Shaw and family of Indian Head motored to Connelville Thursday.

Use our "Clamy-Pied" ad.

An ordinary cardboard box with the ends cut out makes a convenient receptacle for newspapers when covered inside and out with cellophane. Tape reinforces the walls at the bottom (Fig. 2), put on with a light spread of glue. The art of gluing or leaping is a simple one. Squeeze a little of the best quality liquid glue onto a dish. Allow the glue to dry slightly. Then apply sparingly. A bundle of cellophane and ribbon wrapped cylinders of cardboard to form the legs are attached with glue. To preserve the life of the cellophane a coat of varnish should be applied as the last step.

## Personal Mention

Mrs. B. Frank Smith and daughter Gayle, of Greenwood have returned home from a visit in Youngstown, Ohio.

The best place to shop after all—Brownell Shoes Co.—Advertisement. Mrs. Elizabeth Finney of Greenwood has gone to Lebanon to visit her son-in-law and daughter, Mr. and Mrs. Freeman Soyars.

A. M. Montgomery and daughter Grace, were in Pittsburg and McKeesport Saturday and Sunday.

Mr. and Mrs. Neil O'Brien of Saginaw Mich., were guests of the latter's cousin, Miss Rose Schneider of the West Side Sunday.

## MOTHERS AND THEIR CHILDREN

## Forbidden Articles.

One Mother Says: When I discover my child playing with an article I do not want her to have, I don't snatch it away, leaving her screaming with anger and disappointment. Left in such a mood, she is likely to try to get at the article at the first opportunity. I find it best to satisfy her curiosity before taking it away. I show it to her, tell her why I do not want her to have it, and then ask her to put it away herself, saying something like this: "Now we will put it here where nothing can happen to it. She is not likely to bother it again."

Mrs. R. O. Clabaugh, who underwent an operation yesterday morning at the Connellville State Hospital is getting along nicely.

The condition of Ralph Fornwalt, who has been very ill of pneumonia at his home at Wheeler, is improved. Miss Lydia Silverman of Squirrel Hill, Pittsburg, has returned home after a visit with Mrs. Max Rackoff of East Cedar avenue.

J. P. Hickey, looking agent for Oakford and Olympia parks, was in Connellville yesterday on a mission connected with the summer season of outings from the Connellville region.

Extensive improvements are being made at both, Mr. Hickey said. At Oakford the theatre has been removed and in its place a seaplane, a caterpillar and a trolly are being installed.

## Home Made Remedy Stops Bad Coughs

Get rid of that persistent tough cough before it gets rid of you. Follow this advice and make your own superlative good pleasant-tasting cough mixture that all the family, including the children, can take.

Get from Connellville Drug Company or any drugstore one ounce of Parmit (double strength)—this is a little granulated sugar as directed and enough water to make one half pint—that's all there is to it.

With speed almost beyond belief this home made cough mixture stops the toughest hung-on cough, and all because in it there is a substance (too costly for ordinary cough syrups) that immediately covers the membrane and allows a soothing healing poultice and blessed relief comes at once—Advertisement.

## Anderson Case to Go to Jury Today

NEW YORK Jan. 28.—Demanding the acquittal of William H. Anderson, charged with third degree forgery. Ex-governor Whitman finished summing up for the defense at noon today.

Assistant District Attorney Pesora was to spend two hours in summation for the prosecution and the case appeared likely to reach the jury late today or this evening.

In his vigorous summation Whitman went step by step over the entire case at issue taking events mysterious gifts, unaccounted for expenditures and altered books in chronological order contending that at no time on any one's testimony, save that of the prosecuting witness O. B. Phillips had Anderson done anything extraordinary or wrong.

Service Line Notice. By order of Council City Clerk Chester K. McKesson will serve notice on the Fayette County Oak Company and Connellville Water Company to lay all necessary water lines in streets that are to be improved during the summer within 60 days of the time notice is received. Streets referred to are Snyder Jefferson South Pittsburg Meadow Lane Church place and Marietta avenue West Side.

"Nelsen" Sign Erected. The large electric sign, formerly used by Koback, is being replaced by one with the firm name "Nelsons," over the entrance of the store in West Crawford avenue.

## A dose at bedtime of DR. CALDWELL'S SYRUP PEPSIN Made them feel jolly again

## Good Health In Happy Old Age

THE chief concern of elderly people is their health, and that is best secured by regular daily bowel movement. There is no truth, however, in the notion that because you are old you need a "strong physic." In fact, just because you are old a mild laxative is better for you. The trouble with purges and cathartics and physics is that they shock the system and weaken it and make the muscles of digestion flabby. Dr. G. H. Brown, V. S. of Frederic, Wis., nearly wrecked his stomach with purgatives. Dr. Caldwell's Syrup Pepsin restored his health, as it did Mrs. J. S. Edwards, of Millersville, Pa.

Does Not Grip. You can be sure of satisfactory evacuations every day if you will take a spoonful of Syrup Pepsin at night when you retire. You will not need to take it every day, but a few doses will soon encourage the bowels to act for themselves. The popularity of this wonderful remedy has become so great that it is now the

largest-selling liquid laxative in the world. Thousands of its millions and millions are getting it especially for the extreme of age, for children and for elderly people.

Effective at Small Cost. Get a bottle of Dr. Caldwell's Syrup Pepsin at any drug store. The formula is on the package, and the cost less than a cent a dose. Take it when you feel heavy, sleep poorly, have headache or night cramps, for these are also symptoms of constipation. Give it to the children when they are restless, feverish or have a cold. Syrup Pepsin will keep you and the family free from constipation, a condition that lowers the vitality 25 per cent and raises the blood pressure 25 per cent. Freedom from constipation lessens the pain of kidney trouble, neuritis and rheumatism.

"If You Want to Try It Free Before Buying—Send for a Free Trial Bottle. Address: Dr. Caldwell's Syrup Pepsin Co., P.O. Box 100, Monticello, N.Y. I need not say anything and would like to prove what you say about Dr. Caldwell's Syrup Pepsin to me. Send me a free trial bottle. Address to: Name: \_\_\_\_\_ Address: \_\_\_\_\_

Not more than one free trial bottle to a family.

## Treasury and P. O. Allotments Total Over 729 Million

By United Press. WASHINGTON Jan. 28.—Funds totaling \$729,864,441 for use by the Treasury and Postoffice Departments during the coming fiscal year are carried in a joint supply bill reported to the House today.

Of this amount \$408,978,244 is for the Postoffice Department and \$320,886,197 for the Treasury.

The coast guard, which has a part in prohibition enforcement, is allotted \$10,851,649 or \$798,521 less than last year. The allotment for the Postoffice Department carries \$1,500,000 for airplane mail service, the same as last year.

## Fake Oil Company Official Sentenced

By United Press. HOUSTON, Tex., Jan. 28.—F. E. J. Cox, former head of the \$20,000,000 General Oil Company was sentenced today to five years in the federal penitentiary and fined \$10,000 for using the mails to defraud by Judge Hutchinson in Federal Court here today.

The sentence is to run concurrently with a sentence of eight years imposed on Cox in Fort Worth on similar charges.

## If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised all at once drop out of sight and are soon forgotten? The reason is plain—their quality did not fulfill the promise of the manufacturer. This applies more particularly to medicine.

In this line of medicine, a medicinal product is not a medicine unless it is a medicine in itself, as like an endocrine gland, it must be a medicine in itself, as like an endocrine gland, it must be a medicine in itself, as like an endocrine gland, it must be a medicine in itself.

A prominent druggist says: "Take for example Dr. Williams' Pink Pills. A preparation I have used for many years and never regretted. It is recommended for its action on every case of anemia, showing excellent results in many of my customers' cases. No other remedy remedies has so large a sale."

According to sworn statements and verified by the thousands who have used the preparation, the action of Dr. Williams' Pink Pills is due to the fact that so many people claim that it fulfills almost every wish in overmastering kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Dr. Williams' Pink Pills. Address: Dr. Williams' Pink Pills Co., 100 North 10th St., New York, N. Y. and enclosed ten cents also mention bottles for sale at all drug stores—Advertisement.

Two Drunks Fined \$100. Charged with drunkenness two men arrested last night were given hearings in police court this morning. Each got the usual sentence of \$100 fine or 90 days to jail. Neither had been able to pay up to noon.

What Father Thought.—Baby's got her mamma's complexion sure. Father (from next room)—Nurse, are you letting that child play with those paints?

Cheerful Thought. Benham—Man is descended from the monkey. Mrs. Benham—I can readily imagine your ancestor as traveling companions for hand organs.

South Connellville. SOUTH CONNELLVILLE Jan. 28.—Warren Ringler of Pittsburg has returned home after spending the weekend with his parents, Mr. and Mrs. W. S. Ringler of Pittsburg.

Mr. and Mrs. Clyde McLaughlin of First street are receiving congratulations on the birth of a son Saturday morning, this being the second child in the family. Mrs. McLaughlin was formerly Miss Jennie Landfolt of this place.

Mrs. Harry Adams is confined to her home with grip. Mrs. Frank Riley of Pine street has

returned from Florida where she had been visiting relatives for a month. Miss Dorothy Ferguson returned home yesterday after visiting her grandmother in Pittsburg.

The recently organized Ladies' Aid Society of the Evangelical Church will meet tonight at the home of Mrs. Ralph Potter of Pittsburg street. All ladies of the church are urged to attend and become members.

The infant son of Mr. and Mrs. James Johnson of Hyndman street is seriously ill.

Miss Edna Ingert of Pittsburg returned home after spending the weekend with friends and relatives here. W. H. Long is confined to his home on Vine street with grip.

Mr. and Mrs. Paul Bowman of Smithfield and Mr. and Mrs. S. J. Sterling of Uniontown were guests Sunday of Mr. and Mrs. J. V. Boyer of South Pittsburg street.

Mr. and Mrs. V. F. Fisher of First street are the proud parents of a baby girl, born Friday evening, January 25, and weighing 10½ pounds. The baby is the 10th child in the family, there being five boys, two dead and four other girls.

Kenneth Clawson, little son of Mr. and Mrs. George Clawson of Hyndman street is slowly improving after a serious attack of whooping cough.

Lawrence Travis, small son of Mr. and Mrs. C. A. Travis of Hampton avenue is very ill with bronchopneumonia.

Miss Iva Clawson of Pittsburg is visiting her mother, Mrs. Lydia Clawson of Second street. Mrs. Clawson has been very ill.

The home of Mr. and Mrs. J. M. Treasler was slightly damaged by a blaze early Sunday morning caused by sparks from the chimney which settled on the roof.

The monthly examinations are being conducted in the high school. Quite a large number were skating at the "Cuddle" pond Sunday.

A. W. Welmer is confined to his home on Vine street with pleurisy. Lewis Leach, infant son of Mr. and Mrs. Clyde Leach who has been ill with pneumonia is slowly improving.

Miss Rose Orndorff, daughter of Mrs. Grace Orndorff, who has been ill with acute indigestion is improving. Pauline Zavalaky daughter of Mr. and Mrs. S. Zavalaky who has been ill, is very much improved.

Mrs. Grant Shumaker is away visiting her friends and relatives at Rockwood.

Miss Jessie Traylor of the high school, sustained an injury to the right eye while playing basketball Friday evening at the Capetan Hall.

YOU CAN HAVE A Dependable Business Barometer Without Cost.

Conditions in the business world are changing constantly. The only way to keep posted is to study basic facts and figures. "THE MONTHLY TRADE REVIEW," issued by the First National Bank of Connellville, is a very valuable barometer of business. You can have it regularly by simply sending your address to the bank.

For Father's Cough. January is usually one of the coldest months and brings its share of coughs and colds and hoarseness. Take FOLEY'S HONEY AND TAR COMPOUND at the first sign of a cough or cold, as it loosens the phlegm and quickly brings relief to the inflamed membranes of the throat. "Your HONEY AND TAR COMPOUND has done wonders for my father, who had an awful cough. He is feeling fine now," writes Nicholas Gonzalez Cuervo, Texas. Sold everywhere—Advertisement.

Undergo Throat Operations. Helen, Catherine and Thomas Chambers all of Poplar Grove underwent throat operations at the Connellville State Hospital this morning.

HOT! AT BEDTIME BULGARIAN HERB TEA. Add lemon juice and relieve your cold, its gentle laxative and tonic action refreshes your tired, run-down system. Sold by all druggists—Advertisement.

## Rosenbaum Bros. CONNELLVILLE'S BEST STORE

## The Best Cough Syrup is Home-made

Here's an easy way to save 50c and get better results than any other remedy.

You've probably heard of this well known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple, and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Syrup. Then add plain granulated sugar syrup to fill up the bottle. Or if desired, and clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse, or tight cough, lifts the phlegm from the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

## MARIMBA HEARD FOR MILES

Odd Musical Instrument Used by Natives in South Africa is Sort of Xylophone.

The marimba is a musical instrument of African origin. It is a sort of xylophone. The hardwood keys are attached by rawhide thongs to the semicircular framework that are beaten with rubber-tipped drumsticks.

Gongs in graduated sizes are attached underneath for sounding bass and each gong has a hole in its side covered over with a parchment-like film obtained from spiders' nests. This device is quite essential to the production of musical sound. The marimba can be heard at a distance of several miles, and the music has a very characteristic and pleasing quality.

The marimba with semi structural differences has been highly developed in South America and "marimbas" bands from there have visited the United States, where phonograph records of their playing are available—Detroit News.

Strange Sea Monster. There has been exhibited in Buenos Aires what South American scientists believe to be a hitherto unknown sea monster, captured some 25 miles from the coast near Mar del Plata. It was at first supposed to be a shell-less turtle, but expert examination shows this is not the case. Says the Living Age: It resembles rather an elephant without a trunk, or more properly, an enormous elephant's head with ears almost perfectly identical with those of that animal. It has also some features similar to those of a whale. Its color is brown, the mouth is large and spheroidal. It is nearly 80 feet long and about 4½ feet in diameter. It has two vertical fins behind one above and one below, remotely suggesting the screws of a propeller. The flesh is almost as elastic as rubber.

What He Got Out of Her. A certain man had just bought a car. He took his wife out on a few preliminary expeditions during which she did not hesitate to criticize her husband's efforts at driving.

"Hullo, old man," said his next-door neighbor one evening. "I see you've got a little two-seater. What do you get out of her?"

"About 40,000 words to the gallon," answered the other, sadly.

## ASPIRIN

Say "Bayer"—Genuine

Genuine Bayer Tablets of Aspirin have been prescribed by physicians over twenty-three years and prove safe by millions for colds and grippe misery. Handy boxes of twelve tablets cost only few cents at any drug store. Each package contains proper directions for Gols and tells how to prepare an Aspirin gargle for sore throat and tonsillitis.

## PECULIAR TOWN OF ST. ANDREWS

Old Scotch City Is Capital of Learning and Golf.

Will St. Andrews, bleak old Scotch sea town, first in learning and golf, take first place in the hearts of lovers of English literature and the staunch Anglo-Saxon code?

This speculation arises from the new custom of St. Andrews, oldest college in Scotland, of electing an honorary doctor for a year, says a bulletin from the Washington (D. C.) headquarters of the National Geographic Society.

"Last year, in his rectorial capacity, Barrie made his now-famous address on 'Courage'; this year Rutherford Kipling talked to the students on 'Independence.' The custom is much as if Abraham Lincoln had been elected to an honorary professorship at Harvard, and on that occasion gave the 'Gettysburg Address' and had been succeeded the following year by Ralph Waldo Emerson speaking on 'Compensation.'

### Much-Copied City.

"All unconsciously, every fair-sized city in the United States has copied part of St. Andrews on American soil—the golf links. All the links and all the praise of golf must at last fall on the heads of this village of early residents, because St. Andrews is the capital of golf. And since these St. Andrews golfers happened to play over a bumpy pasture, bumpy pastures have been built for golf enthusiasts in the arid wastes of Montana, mild coconut groves of the South seas, on Florida's keys and the Himalayan mountains. Because a creek of the Eden happened to flow across this Scotch grassy ground, no golf course is complete without a water hazard."

The town of St. Andrews is peculiar. It is one of the few cities in the world lacking a geographical reason for existence. It has no important railroad junction, no coal field, no river. Situated on the bleak headland between the Firth of Forth, where which shalloes Dundee, St. Andrews possesses a poor harbor, noted chiefly as a trap for ships. Yet the history of 'Golfston,' as the town is called by golfers, goes back so far it is lost in antiquity.

"Legend has it that Regulus, an Irish monk, brought the bones of St. Andrew to this missionary outpost some time between 500 and 700. The saint's bones must have rested unscathed because St. Andrews has been the religious whetstone of Scotland ever since. The bishops hanged him were hanged. John Knox used this city as a base of operations for the reformers. Patrick Hamilton, a martyr, was burned before the cathedral. While Mary Queen of Scots sought refuge there, enemies planned her assassination. In the Cromwell revolution, another bitter storm centered on the town, and even today it has not entirely recovered."

Game and University Boon.  
"But, throughout the story of strife runs the thread of golf. Golf and the university appear in the same century, the fifteenth. Wars play rage and men kill each other for the glory of God, but the links on the shore of the 'German' ocean were held sacred to the game. Three months before the English fathers left Delftshaven James VI. accepted the contract for the first 'putt-putt' golf links at St. Andrews. Later these links were acquired by the Ancient and Royal Golf Club of St. Andrews. Which, to this day, acts as the custodian of golf law for the world. Golf may have started in Holland, where a game called 'kolf,' apparently a cross between golf, hockey and bowling, was played, but is now extinct. It

was played on the ice, within covered courts and even in churchyards. Even if the Scotch did import the sport, they changed it greatly. The location and peculiarity of terrain at St. Andrews is found in golf terminology just as the topography is produced on every continent. 'Links,' for example is the Scotch term referring to rolling, close-cropped short fields which have become the model for all golf courses. 'Bunkers' are really cut banks such as are found along a gradient country road. Such banks with sand pits are natural to this shore. St. Andrews' cut banks are now artificially created on golf links wherever golf is played. For a good many years the Royal and Ancient course consisted of eleven holes, a match being two rounds of twenty-two holes, but in 1764 the club decided to eliminate two, so today the standard course is in multiples of nine.

Tried to Suppress Game.  
"The first reference to golf in Scotland is an ordinance of the Scottish parliament. 'That the fute-ball and golf be utterly cryit down and nocht sett; and that bowe-merks be maid at ilk parochie kirk a pair of buttis, and shurtin be usit ilk Sunday.' It is evidence that the Scots, young as well as old, were neglecting national guard drill for the links and the 'acrimony' of golf. The stormy issue of Sunday golf was settled in Scotland back in 1595. The year previous the Edinburgh council had issued a proclamation that 'on the Sabbath day being the first day of the week, no inhabitants be engaged in any business within or without the walls, as at golf, etc.' But this was not much for the devout Scots, and in 1598 the ordinance was modified with the prohibition only 'in time of services.'

"In 1598 St. Andrews hired Tom Morris, a young Scotch boy, to keep in the course. Little did they think that this poor boy would spread a larger circle on history than any member of their organization. Morris developed a strong pride in the links and groomed them diligently. Then as golf grew more popular Tom Morris was engaged to lay out new courses in England and Scotland. So well did he do his work that many a club is proud to say that their course was laid out by Tom Morris. Naturally, he imitated conditions found on the burns of his native heath and golf courses everywhere have been made on the general Morris plan."

### The Big Show.

A chorus girl out of work noticed a crowd around a hall and ventured in. There she saw pretty matrons marching and countermarching. Also young men going through various maneuvers. Whenupon she sought the individual in charge and made her plea. "Can you give me a job in your chorus?"

He bestowed upon her an indulgent smile. "I'd like to help you, girlie," was his answer, "but we are rehearsing for a fashionable wedding."

## Luminous Fish That Shouts as It Swims

Before the group of scientists composing the Federation of American Societies for Experimental Biology at St. Louis, Dr. C. W. Greene of the University of Missouri told of a newly discovered luminous fish which shouts as it swims.

The fish was discovered in the waters of Monterey bay and has been named "Poreia Thysanotus." Because of the peculiar construction of its swim bladder it is able to shout, he said. The bladder is U shaped, each leg about the size of a man's finger. Between the two legs is a membrane having a small hole.

When the shooter bears down upon a smaller fish it drives some of the gaseous contents of the bladder from one end to the other, producing the noise. "The swim bladder contains a gas with a larger percentage of oxygen than atmospheric air, sometimes as high as 80 to 90 per cent oxygen. Hundreds of tests were taken to determine that fact," said Dr. Greene. The fish bears 850 gleaming phosphorescent lights.

## Boy Sent on Errand Back After 24 Days

Peter Glynn, a New York messenger boy, got back from a little errand. He was sent on it 24 days—not hours—ago and he shouldn't have been gone more than the hours intervening from his start until quitting time that day. Peter was dispatched by Paul D. Cravath, lawyer, to the liner Samaria to deliver a present into the hands of Richard Washburn Child, American ambassador to Italy, who was sailing. Mr. Child received the present, but Peter liked the ship so well he decided to take a trip himself. He took the cabin next to Mr. Child, which was unoccupied, and traveled first class to Liverpool. When customs officers there asked for his passport he reverted to the status of an American office boy on a prank.

He spent a few days in a Liverpool jail and came back to the United States on the Seydlitz.

## Wife Surprises Hubby With Three Children

Mrs. Annette Frances' "little surprise" led her husband, Henry G. Frances, of 2004 Clarendon road, Brooklyn, to obtain an annulment to the Brooklyn Supreme court recently. The couple were married in November, 1921, when Frances was eighteen years old and the defendant about ten years older. About a year after, said Frances, his wife went away on a trip but returned in time to celebrate their first wedding anniversary. She brought three children with her.

"I asked her whose children they were," said Frances. "She said, 'They're mine. Just a little surprise for you!'"

On the ground that he had not known of the prior marriage Frances obtained the annulment.

## Commission Plans to Survey East Africa

An eight months' investigation of hygienic, economic and educational conditions in East Africa will be made by a commission financed by the International Education Board, established by John D. Rockefeller, Jr., the Phelps-Stokes Fund and mission societies of Europe and the United States. It was announced at New York. Approval of the British, Belgian, Portuguese and Abyssinian governments has been obtained. The commission, after studying conditions, will suggest plans to meet educational needs of the native races. The American members of the commission: Dr. Thomas Jesse Jones, chairman; Dr. James H. Dillard and Dr. Homer L. Smith, called on the American.

# Odds & Ends

Here is the event you have been waiting for—our Annual Clearance of the odds and ends that accumulate in the busy holiday season. Everything listed below is a real honest-to-goodness value. Look this advertisement over carefully.

No matter where you go you'll never be able to buy merchandise to compare with this at the prices we are selling at today. This is our regular high quality merchandise.

## For Discriminating Buyers

Here are quite a few boxes of holiday stationery at sacrificed prices. This is the best stationery you can buy—Whiting & Cook and Old Hampshire. All kinds to choose from—large boxes, small boxes, plain boxes, fancy boxes. Some papers are plain, some are deckled edged, and others are paneled; all are beautiful. Come in now and make your selection. The prices range from

## Liberates Pheasants to Restock Flocks

Edward T. Townsend, game warden of Westchester county, New York, has just turned loose 118 fall-grown pheasants to replace those shot by hunters while the law was off four days last fall.

The pheasants were distributed under the auspices of the Southern New York Fish and Game association, of which Edward Schirmer of White Plains is president. Mr. Townsend declared that in the four days the law was off 1,000 birds were slaughtered. The new stock has been turned loose in Cortlandt, Yorktown, Lewisboro, New Castle and North Castle.

## \$50,000 Gift in Honor of Former Dishwasher

A gift of \$50,000 to establish five scholarships in Cornell university in honor of the late George C. Boldt, former chairman of the board of trustees, was announced at Ithaca, N. Y., by President Livingston M. Farrand, at a dinner dedicating Boldt hall, a dormitory for men. George C. Boldt, Jr., of New York, was the donor. In making the gift, Mr. Boldt said his father, who began life as a dishwasher, in a hotel, and later became owner of the Waldorf-Astoria in New York, took a sympathetic interest in lack struggling to obtain a college education, of which he was deprived.

## Connecticut Eggs Must Be Dated

All Connecticut laid eggs offered for sale must bear their birthmarks, according to regulations by the state board of agriculture at Hartford. Approximately 100 producers have applied for registry numbers to be placed on all cartons with the producer's name and address.

## Girl Would Be Soldier

Saying that she wished to be with her lover, a soldier, Miss Ellen Clough of Manchester, N. H., tried to join the army. When told that there was no room for a girl, the young woman departed in tears.

## Poor Consolation

"That girl next door has just bought the latest popular song."

"Cheer up! After she sings it it will no longer be popular in this neighborhood."—Boston Transcript.

## Build Your Reserve!

Corporations set aside funds called "reserves" against depreciation. Machinery and buildings wear out with time and use, and it takes money to keep up the value and usefulness of the plant.

The human machine also wears out. Sickness or age reduces earning power. So NOW is the time to build up YOUR "reserve against depreciation" in the form of a growing account with this strong bank. Start it today.

### Does It Pay?

with HOPE HAMPTON

A Drama That Strikes Into the Heart of Every American Home.

Also Two Reels of Fox Comedy, Weekly

Thursday, Friday and Saturday

TOM MIX

"The Lone Star Ranger"

### At the Theatres

#### The Paramount

"THE BELLE OF ALASKA" with Jane Novak in one of the most interesting roles of her screen career. In on view today at this theatre.

Miss Novak, in the role of the young and beautiful wife of Wade Harkin, a Kansas farmer, one of the many participants in the hunt for gold, is stranded in Seattle. She obtains work in a cheap restaurant where she meets "Lucky" Vall, a gambler, who becomes the self-appointed protector of the deserted wife. Planning to win the girl for himself, Vall devises a fake attack upon her by a degenerate named Dugan. When attacked the girl shoots Dugan. Fearing she will be prosecuted for murder she loses her identity by assuming the name of a notorious dance hall character, whom she meets aboard ship which is sunk in mid-ocean. With resuscitating the sole survivor. Her adventures that follow from the basis for this great heart and action drama of the roaring Yukon.

Miss Novak is supported by a most capable cast of players including Lewis Stone, Wallace Beery and Robert Gordon.

Wednesday and Thursday, Dustin Farnum will be seen in "The Trail of the Axe."

#### The Soisson

"BROADWAY GOLD," on view today and tomorrow at this theatre, deals with the typical Broadway crowd, the hard working chorus girls and of the type known as gold diggers. Elaine Hammerstein plays the leading role of a young chorus girl thrown into the swift moving and dangerous waters of Broadway in her struggle for fame and fortune. Elliot Dexter whose recent triumphs on the screen are still very fresh in the minds of movie followers, lends his skill and artistic finish to the part of a rich follower of the seductive charms of the Great White Way. He has seldom been seen to better advantage or has been given a role in which his peculiar abilities have a wider scope of expression. Kathryn Williams is a dominating figure in the unfolding of this romantic and adventurous drama of New York's glittering night life. As Joan, Vallean, a veteran in the ways and manners of the ever changing throng of Broadway, Miss Williams creates a character which actually lives on the screen. Richard Wayne, Harold Goodwin, Harry Northrup and Harry Barrmore give convincing performances of the different types of men who frequent the glittering high spots of the great metropolis.

Thursday, Friday and Saturday, Cullen Landis will be seen in "Pioneer Trails."

#### The Orpheum

"DOES IT PAY?" with Hope Hampton, supported by a splendid cast, is the leading attraction today and tomorrow at this theatre. The story handles frankly and entertainingly a vital and absorbing condition of modern life. For the last few years the daily papers have been running on their front pages, under "Society Headlines," stories of the domestic tragedies in the families of prominent millionaires. In nearly every case the head of the house, after living in apparent peace and happiness with the mother of his children, will well past middle life, permit himself to be captivated by a younger and more dazzling woman, obtaining a divorce from the faithful wife who helped him to win his battle in the financial world and married his new sweetheart.

This is the theme of "Does It Pay?" The manner in which this question is answered in the William Fox picture is thoroughly convincing. The development of the story is dramatic in the extreme, the interest mounting steadily until the closing scenes show the erring husband and father ready to admit that he has been playing the part of a fool. Such a theme offers unbounded opportunity for contrasting scenes: the calm and tranquility of John Weston's first home in a small Connecticut village and the feverish excitement and false glamour of his extravagant apartment in New York, where the now wife insists on surrounding herself with her questionable friends.

Thursday, Friday and Saturday, Tom Mix will be featured in "The Lone Star Ranger."

### COST OF LIVING SHOWS BIG INCREASE OVER 1913

September Cost Prices Show Advance of 72.1 Per Cent Over the Former Average.

The cost of living was one-fifth less in September, 1928, than it was in June, 1928, when the highest point in living costs since 1913 was reached. A decrease of 20.5 per cent in the index of living in the United States, as determined by a confidential source of the Bureau for 22 consecutive months, is shown in an announcement issued at Washington by the bureau of labor statistics.

The cost of living, however, was almost three-quarters more than the 1913 average. September costs showing a 72.1 per cent increase over the former average. In September a year ago costs were 66.3 per cent above the 1913 average and at their lowest point since December, 1927, but December of 1927 showed an increase. There was a slight decrease, according to March, 1928, figures, but since that time living costs have been rising slightly.

In the specified cities for which statistics are gathered by the bureau the percentage of decrease in the total cost of living from June, 1928, to September, 1928, was:

Atlanta 21 per cent, Baltimore 18.3, Birmingham 19.4, Boston 20.9, Buffalo 18.6, Chicago 19.3, Cincinnati 20.6, Cleveland 18.3, Denver 18.4, Detroit 24.4, Houston 20.5, Indianapolis 18.3, Jacksonville 21.5, Kansas City 20.5, Los Angeles 12.2, Memphis 17.6, Minneapolis 17.9, Mobile 22.9, New Orleans 15.9, New York 20, Norfolk 22, Philadelphia 18.4, Pittsburgh 28, Portland, Me. 20.1, Portland, Ore. 22, Richmond 18.9, St. Louis 19.8, San Francisco 18.2, Savannah 23.5, Saratoga 17.8, Seattle 20, and Washington 18.1.

The September cost of living expenditures, as compared with the 1913 average, show the following increases by item:

Food 68.3 per cent, clothing 78.5, housing 64.4, fuel and light 51.4, furniture and furnishings 122.4, and miscellaneous 101.1 per cent.

In the total cost of living the bureau apportioned 68.3 per cent of the total expenditure for food, 16.0 for clothing, 18.4 for housing, 5.3 for fuel and lighting, 8.1 for furniture and furnishings and 21.9 per cent for miscellaneous.

### THIS BRIGHT BABY GIRL

Brought Joy to Home. Mrs. Price's Health Restored by Lydia E. Pinkham's Vegetable Compound

Scottdale, Pa.—"I never felt like working and when I would try to do any work standing on my feet, I would just drag around all day long. At times I would have terrible pains and would be in bed three or four days. I was in this condition about a year when I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers. I had heard different women say it was good for women's troubles, and my aunt thought it would help me, so I had helped her. So I took the Vegetable Compound and it brought things right, and I was in good shape before I became a mother again. I believe it helps at birth, too, as with both my other babies I suffered a great deal more than with this one. I thank you a thousand times for the good your medicine has done me. It has surely made our home a happy one."—Mrs. ROBERT PRICE, Scottdale, Pa., via Lockhaven, Pa.

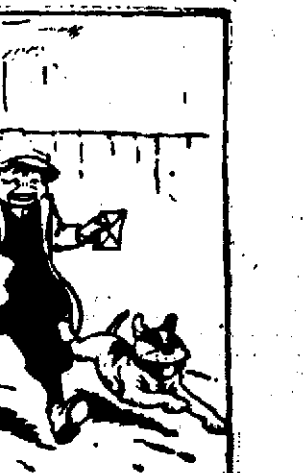

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 25 out of every 100 report they were benefited by its use.

### Confluence

CONFLUENCE, Jan. 29.—Sunday evening at the service in the Methodist Episcopal Church, following the preliminary preparatory to the sermon, several members of the "Klu Klux Klan" stepped aside the door and remained standing until the pastor, Rev. L. H. Powell, invited them to come forward, which they did. They presented the pastor with a purse for the church. Rev. Powell thanked them, after which they retired. Rev. Powell proceeded with his sermon, his subject being "For God, My Country, My Home."

## Union Supply Company Shoes

Only good shoes can give you genuine foot comfort and protect your health in winter weather. Shoes of inferior quality and manufacture are not only very poor economy but dangerous to health as well.

For a long time Union Supply Company shoes have been known to render unusual service. This is due to the careful selection of the lines both as to materials and workmanship. We must know that a shoe is right—that it contains good materials, is well made, that the style is correct, and that it is the best value for the money, before it takes its place in our stocks. This careful selection of our lines, plus an unusually small profit, makes the biggest shoe values to be had at the particular price you want to pay.

## TO SEEK CAUSES OF IMMIGRATION

### Bureau Wants to Ascertain Relation to Labor Supply.

An investigation of immigration and labor supply has been begun by the National Bureau of Economic Research at the request of the National Research Council. The work will be done at New York by Dr. Harry Jerome under the supervision of the bureau's director of research, Dr. Wesley C. Mitchell. Outlining the bureau's purpose in undertaking this study, Doctor Mitchell stated:

"Since the National Bureau of Economic Research aims to aid all thoughtful men, however divergent their views of public policy, to base their discussions on objective knowledge as distinguished from subjective opinion, it is keenly interested in the series of investigations into human migration, inaugurated by the National Research Council."

The Research Council, representing the scientific interests of the country, holds that the national policy should be shaped in the light of the best obtainable knowledge of the causes and effects of mass movements of population from one country to another. To gain such knowledge it is necessary to enlist the co-operation of workers from several fields—biology, anthropology, sociology, economics and psychology. Accordingly a committee of the council has been appointed to select qualified investigators and to secure such co-operation of their work as is necessary.

This committee on scientific problems of human migration, under the chairmanship of Dr. Robert M. Yerkes, has asked the National Bureau of Economic Research to undertake a study of the relation of migration to the supply of labor.

Bureau's Earlier Work. Much of the bureau's earlier work has thrown light upon the problems of migration. The beginning of per capita income figures for various countries is obvious. Our careful estimates of the population of the United States at the beginning and middle of each year since 1900 afford a better basis than the government figures for computing the annual percentages of immigration and emigration.

The bureau has also carefully estimated the average number of persons employed in each year since 1900, and the proportion of these persons among different industries. These estimates have been published in volume 2 of "Income in the United States." Furthermore, there is presented in our recent study of "Unemployment and Earnings in Prosperity and Depression" a comprehensive picture of the fluctuations in employment during a typical cycle. In this volume appear for the first time figures showing the seasonal changes of employment in all the great industrial groups—figures which provide the long-sought basis which is prerequisite for measuring the absolute volume of employment in other years.

Upon the foundation laid in the bureau's work and the government's records, Doctor Jerome is building an important contribution. He believes it will be possible to throw light upon the way in which the varying supply of foreign labor has affected the growth of various industries, and how it has modified their industrial technique and organization.

Hopes for Co-operation. In addition to making use of the available published material Doctor Jerome hopes to secure the co-operation of industrial leaders and experts in the solution of this problem. To study the effect of labor supply upon industry, however, is only one phase of the problem. It is just as important to discover the causes as well as the effects of immigration. An effort will be made to measure as accurately as possible the importance of the relative forces which cause foreigners to move from their old homes to our shores, or, as is true in many years, to return to their native places of residence.

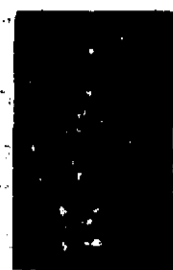

Needless to say the field of inquiry is so large that it is impossible to cover it fully with any degree of completeness, but it is believed that certain fundamental phases of the problem can be successfully analyzed within a short time and that this analysis will give up a much clearer insight than we have formerly possessed into one of the most important problems confronting the nation. If so, the work will be of service to every citizen, and especially to the voters who must share in determining the immigration policy of the United States. It is expected by the bureau that light will be shed by the investigations now under way upon these questions: To what degree—and how promptly—does immigration respond to an industrial boom or depression? Have fluctuations in immigration been so timed that they have increased or decreased the intensity of the upward swing of the cycle? Has the increase in immigration in periods of activity tended to prolong these periods by moderating the increase in labor costs per unit of output? On the other hand, how has migration affected unemployment in the periods of depression? Has immigration in large numbers materially mitigated unemployment, or has migration been so tardy in its reaction to changed conditions that it has tended to intensify wage declines and to swell the ranks of the unemployed?

Strangled Arms Confessed. When the United States (ship) heard that President Pierce arrived at Honolulu on route from the Orient, Capt. H. L. Jones turned over to Col. Harry Gorman Harry Gorman's 2000 records of immigration which had been discovered in the ship's log book soon after the vessel left San Francisco. Federal officials believe the arms and ammunition were intended to be smuggled into China. No clue has been obtained as to the identity of the would-be smuggler.

## THE TARIFF REATTACKED

By JOHN T. ADAMS

Chairman of the Republican National Committee

constructing daily the windows of its enactment.

As a revenue act it easily out-weighs any tariff law ever in effect. It produces between \$100,000,000 and \$150,000,000 annually. At this time, when the subject of tariffs is a subject of public discussion, it should be kept in mind that every dollar of federal revenue collected by the government means one dollar collected in income tax.

The present protective tariff has accumulated foreign trade for the calendar year 1923 over \$1,000,000,000 greater than the year 1922, and over \$1,000,000,000 greater than 1921, a normal pre-war year. In 1923 our imports were the greatest of any year in history—more than double the imports in pre-war periods. The significance of these figures is in the fact that we exported under the Fordney-McCumber tariff all the year of 1923.

What the agricultural and live-

stock interests of the country think of the present tariff is evidenced by their general protests against any lowering of present schedules affecting their products. To the contrary, there is a demand that the present rates on agricultural products be increased under the flexible provisions of the Fordney-McCumber act.

There is no merit in the argument that the present tariff has increased the cost of living. Our manufacturers sell to jobbers and wholesalers. If the tariff had enabled them to raise their prices as Democrats charge, the fact would be immediately reflected in wholesale prices. The January report of the U. S. Bureau of Labor Statistics shows that the average wholesale prices of over 400 standard commodities, representing all industries, declined during the year 1923.

Under the Fordney-McCumber act, during the year 1923, the United States has witnessed a period of unparalleled industrial activity and prosperity. Never in the history of the United States, during peace time, have more warships been constructed, more airplanes been produced, more automobiles been manufactured, more ships been built, more bridges been constructed, more railroads been operated, more houses been built, more schools been opened, more hospitals been constructed, more churches been built, more bridges been constructed, more railroads been operated, more houses been built, more schools been opened, more hospitals been constructed, more churches been built.

## GRANITE HILL IN WYOMING

Independence Rock Covers an Area of Five Acres and is Three Hundred Feet High.

Independence rock, located a few hundred yards from the right bank of the Sweetwater river in Wyoming, on the original Great Salt Lake trail, is an isolated mass of granite. Its base covers an area of nearly five acres and rises to a height of about 300 feet.

There is a slight depression on its summit, otherwise the rock would be nearly oval in shape. In the early days of the trail a little settlement, supposed to be a few dozen shacks and one or two stores, was located on this ancient landmark. The site of Pawnee rock, on the old Santa Fe trail, is covered with the names of trappers, traders, emigrants and other men who supposed that their rock carvings would immortalize them.

The rock receives its patriotic name from the fact that many years ago one of the first party of Americans who crossed the continent by the way of the Pacific valley, celebrated the Fourth of July at the foot of the now historic mass of granite. The most prominent inscription on the face of the rock is "Independence—Dewey—News."

## ABOUT OUR WANDERING BOY

Each Generation Believed That this Next is the Worst Ever.

The gray-haired generation is forever taking snapshots at the rising one. There is an indicated wonderment as to the whereabouts of the wandering boy this evening. Grandfather is blaming the parents. He is utterly oblivious of the fact that his criticism is a reflection upon his own methods of discipline. Boys and girls have fared forth at evening in other generations. They have wandered far. They will continue the habit as other generations rise. Do parents have any control over their children? The query has been running for a couple of thousand years at least and we are all sure that the boys and girls we now have are quite the most vicious and sophisticated the world has ever had. We said it of the last generation and will broadcast it for the next. It is the one theme that never fails.—Los Angeles Times.

## A Guiding Key.

Totally unversed in housekeeping, she was making a few inquiries at the delicatessen store.

"What are these?"

"That's corned ham."

"That sounds interesting. Probably with one of these I can make up some tasty dish. And what is this small implement attached to the can?"

"That," explained the clerk, "is the key which goes with it."

"How very nice. With a key cooking can't be such a puzzle."

## TH' OLE GROUCH

"THERE GOES ONE OF TH' HEAVIEST TAXPAYERS IN TOWN. HE PUTS A MEXCEL IN TH' COLLECTION BOX EVERY SUNDAY WHEN HE SHUFFLES OFF HIS GOES. 'T HEAVEN, HE WOULDN'T MACH 'T HIS CREDIT IN TH' BOOKS THERE, AN' HE'D WITH HIS GENT MOORE ON AHEAD!"

CHAS. SCHMIDT

## Playing Safe.

To certain ladies young couples seem to act as a great attraction. To these young men, but with admiring into their faces their attentions sometimes become most embarrassing, and they perceive have to seek advice from their vicars and rectors. One of these young clerics went to his vicar in great distress, complaining of the situation of certain ladies. The vicar sympathized heartily, for he had been through it himself, and asked for the ladies' names. "Oh," was the reply, "there are so many of them."

"Well," said the vicar, "you know that there is safety in numbers."

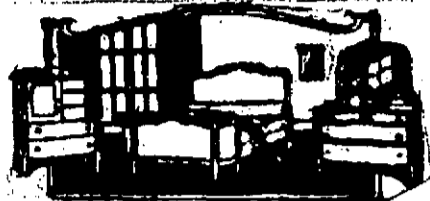

"Yes, and in numbers," replied the curate. "And this is where I make my census."

# Gately's Semi-Annual FURNITURE SALE

Down go the prices on all furniture. Everything in the store reduced 20%. Some merchandise reduced as much as 30% and 35%. Take advantage of the tremendous savings in this Semi-Annual Sale. ## Another Code Station Adds to Annoyance That Radio Fans Experience

Broadcast listeners have heard with considerable regret that another code station has resumed operations. Station WXPJ is back on the air after having been closed down for some months. This station is maintained by the West Penn. It is located at an experimental station and does not have a regular broadcast hours. Persons who listen to on Sunday concerts on the board of the station Sunday between 12 and 1 o'clock. It is said that representations will be made to the West Penn requesting that this station operate during broadcast hours, or when the Pittsburgh broadcast stations have daylight programs, or only in cases of extreme necessity.

It is pointed out by the radio fans that every receiving set means bigger electric bills, and these customers of the West Penn should be given serious consideration. Annoyance from amateur code stations has been considerable of late, particularly on the South Side. Considerable indignation was expressed by a number of broadcast listeners over the activities of a station which operated at any hour. On several occasions lately this particular station has been operating between 10:30 and 11:30 P. M., when amateurs are supposed to be silent. During these hours the station uses its experimental call, thereby exposing the danger of reprisal for breaking in on broadcast time.

"I do not think about the amateur who operates the silent hours," one radio fan said today. "I don't like their interference, and nearly every night reception from the western broadcast stations is seriously interrupted, but under the government regulations they have the right to the air in all of the 24 hours of the day except from 2 to 10:30 in the evening. I do say, however, that the amateur, even if he does possess an experimental license, is using bad judgment, breaking in during broadcast hours."

The ratio of receiving sets to amateur transmitters is about 1,000 to 1. All of the good work the amateurs have done during the years preceding the popularity of radio reception is being nullified because one or two stations in a community can spoil the enjoyment of many hundreds of listeners. The small percentage of code readers who monopolize the air are creating such a sentiment against the entire fraternity that when new radio legislation is proposed they will find the army of broadcast listeners solidly against them."

Violations of the rules have been reasonably few and most of the amateurs who have transmitting licenses give little cause for complaint. The ones, however, who clutter up the air right after night with their dots and dashes are not making the fraternity any too popular.

There is some talk of organizing the broadcast listeners, with a view to compelling interference as much as possible.

### INCOME TAX IN NUTSHELL

**WHO?** Single persons who had net income of \$1,000 or more or gross income of \$5,000 or more, and married couples, who had net income of \$2,000 or more or gross income of \$5,000 or more must file returns.

**WHEN?** The filing period is from January 1 to March 15, 1924.

**WHERE?** Collector of Internal Revenue for the district in which the person lives or has his principal place of business.

**HOW?** Instructions on Form 1040A and Form 1040; also the law and regulations.

**WHAT?** Four per cent normal tax on the first \$1,000 of net income in excess of the personal exemption and credits for dependents. Eight per cent normal tax on balance of net income. Surplus tax 1 per cent to 50 per cent on net income over \$5,000 for the year 1923.

### TIPS FOR TAXPAYERS

No. 24.

Innumerable avenues of information for checking up delinquents are furnished the Bureau of Internal Revenue. One of these is the "Information at source" provision of the revenue act. Under this provision report must be made by all persons, corporations, and partnerships of payments of income to others during the year of \$1,000 or more. Information returns are carefully checked with the individual return of the taxpayer to whom such payments were made. Thousands of delinquencies and additional taxes aggregating hundreds of thousands of dollars have been discovered as the result of this audit.

The act requires report of payment of all "fixed and determinable income," such as wages, salaries, commissions, royalties, etc. The requirement is not limited to periodic payments, but a single payment of \$1,000 or more must be reported. A separate return of information for each employee whose salary or wage for 1923 was \$1,000 is required of employers. Payment for overtime, fees, commissions, bonuses, and the fair value of board and lodging furnished as part payment for services should be included.

Fraternity organizations and associations are required to report salaries paid officers. Banks are required to report interest paid or credited to a depositor if the total during the year equaled or exceeded \$1,000.

A separate report of each payment of \$1,000 or more is required on Form 1023, Form 1024, on which must be shown the number of separate returns served as a letter of transmittal. The forms may be obtained at offices of collectors of Internal Revenue and branch offices. Collectors, however, are not authorized to receive information returns, which should be addressed to the Commissioner of Internal Revenue, Recording Section, Washington, D. C. The filing period is from January 1 to March 15, 1924.

## FIND TEMPLES IN ANCIENT BABYLON

Sumerian Town Unearthed  
Was Seat of Learning.

The great library of Kish, seat of the oldest empire known to history, soon will be brought to light, scientists digging in the mold of 7,000 years believe.

B. C. Davies, director of the Field Museum of Natural History, announced that he had received reports from his group of excavators working in conjunction with Assyriologists of Oxford, that they had unearthed the oldest temple known to man.

In the inner recesses, Mr. Davies believes, will be found thousands of clay tablets inscribed in the cuneiform characters of the ancient Sumerians. These books, literally, plano-convex bricks bearing wedge-shaped letters readily legible to the Assyriologists, will reveal the secrets of the very dawn of history.

Ancient Tablet Translated.

One of the tablets, dating to 2,100 years before Christ, already has been received by museum authorities and has been translated. It tells of the building of the temple of Ishtar, god of war, and his spouse, Ibbaba. It was found in the ruins of a once lofty structure in the plain between the Tigris and Euphrates, in Mesopotamia. The ruins are eight miles from the site of ancient Babylon, and near it, the scientists believe, will be found the still older temples and palaces in one of which will be found the "great library" of Kish numbering thousands of tablets.

"The temple of the war and offspring, Sumiera, has been definitely located," wrote Prof. Stephen H. Langdon, former University of Michigan, and director of the museum's Mesopotamian expedition, in a letter received by Mr. Davies. "Now we are rapidly advancing toward the inner temple, where we expect to come upon the temple library."

Home of the Temple.

The Field Museum of Natural History has actually come upon the lofty stage tower of the capital of the old empire, and the seat of the first empire known to human history. It is pointed out that Sam-Su-Ituna, who had his grave agents put his exploits on that stamped brick of the Twenty-first century B. C., was merely rebuilding what somebody before him—how many centuries the scientists do not dare guess—had built into the basement.

A translation of the inscription on the tablet of Sam-Su-Ituna, who was the seventh king of the first dynasty of Babylon, reads as follows:

"Sam-Su-Ituna, the mighty King.

"King of Babylon.

"King of Kish.

"King of the Four Regions.

"Unkilled-mah (priest).

"To the God Ibbaba.

"And the Goddess Ishtar.

"In Kish hath built anew.

"And raised its head.

"Like unto the heavens."

Library of Great Value.

According to Assyriologists, the discovery of the library of Kish will prove of much greater historical value than the excavations of "Tut-Ankh-Amen's tomb," as it will throw a light on civilization 5,000 years before the Egyptian Pharaoh lived and reigned.

The very earliest kingdom listed in history is Kish," said Prof. A. T. Olmstead of Illinois university, one of the officers of the American Oriental society.

Kish flourished some 4,000 years before the birth of Christ. Its kings are mythical, including Bana, who ascended into heaven. This leads to the belief that Kish was the first kingdom after the flood.

"Some of its names seem Sumerian, yet Sumerian, and the greatest problem of historians is the relation of these two races and which is earlier, in the afternoon. The library of Kish should throw some very valuable light on that subject."

The Quarry.

Mr. Murdoch, who is to dig the Kish site, is a big, raw, rugged, black and white, African, who is his specialty.

Mr. Wynn—Millionaire in America.

EARLY SATISFIED

W. J. Gish of Dickerson, Run was a recent Pittsburgh visitor.

A. O'Brien, P. A. L. E. passenger engineer, who had been on the sick list the past week is back on his run again.

The cold weather of the past week has made quite a lot of work for railroad men. On Saturday Ave extra yard crews were called out in the Dickerson Run yard.

Charles Newcomer is reported on the sick list the past week.

## U. S. STEAMBOAT INSPECTION SERVICE SAVES MANY LIVES

Vessels Carried 323,000,000 Passengers With Only Fifty-Minute Deaths in Year.

Three hundred and twenty-three million passengers were carried on steamboats reporting to the steamboat inspection service in the fiscal year ending June 30, 1923, and only 50 of them lost their lives by accident—less than the number of pedestrians killed accidentally in the streets at most of our large cities.

Against this mortality on coast and inland watercraft there were 807 lives saved by appliances required by law and examined by the steamboat inspection service, whose activities are revealed in the annual report to Secretary of Commerce, Hoover, at Washington by the supervising inspector general.

Total accidents during the year involving loss of life were 197, and the aggregate loss of life was 247, of which 59 were passengers. Of the fatalities 114 were due to suicide, falling overboard and other acts of the deceased, leaving only 81 directly chargeable to collision, explosion, foundering and similar mishaps. The ratio of passengers lost to total passengers carried was one to 6,470,750.

During the year the service inspected and certified 7,633 vessels with a total tonnage of 14,922,350, an increase of 110 in the number of vessels and of 1,000,000 in tonnage, compared with the previous year. Domestic vessels inspected numbered 7,613, comprising 4,641 steam vessels, 793 motor vessels, 19 passenger barges, 695 freight barges and 775 cargo vessels permitted to carry passengers.

Steam plants for the construction of vessels boilers inspected at mills numbered 2,580, with much other boiler material as well. The service also inspected 18,644 new life preservers, 9,900 new cork ring buoys, 485 new lifeboats, 475 new lifeboats, 104 new lifeboats at factories and 20 lifeboats at ports. Inspection numbered 4,826 life preservers, 140 corking buoys, 8 lifeboats and 1 raft.

Licenses were issued to 25,078 officers of all grades. Only 23 applicants examined for visual defects were found to be color blind or otherwise visually defective. Certificates of efficiency were issued to 10,456 able seamen and 14,913 lifeboat men.

### Discovery of Radium

Celebrated in Paris

The discovery of radium 25 years ago by Mme. Marie Curie and her late husband, Prof. Pierre Curie, was celebrated recently in Paris at the Sorbonne, with many notable in attendance.

President Millerand in an address voiced the gratitude of the world to the modest woman scientist largely responsible for the discovery.

Mme. Curie expressed regret that her husband had not lived to receive the honors due him. She said that the primitiveness of their laboratory and the difficulties under which they worked gave an air of romance to the discovery, but that this romantic element had delayed success.

### Friends Measure

Services in Marks

"For faithful performance of duty along his route during the last year," Martin J. O'Neill, a member of the Lynn (Mass.) police department, was presented by friends with 300,000 marks.

As a rule of the department is that money gifts received by policemen shall be turned into the Relief Association Fund. O'Neill and his fellow policemen are figuring how much the valued treasury will be enriched.

[At present rates of exchange 100,000 German paper marks are worth about two millionths of a cent.]

### WISE TO MEN

A little crowd was gathered in the great main hall to see the pictures before they were sent to the gallery.

A girl strolling round turned to the artist and remarked:

"Strange that angels are always women, isn't it?"

"Yes," said the artist, with a smile. "Shows artists don't know much about women, doesn't it?"

"It may be so," retorted the girl quietly, "but it certainly shows that they know a lot about men."—Modern Art.

France to Repay Uruguay Loan.

A convention has been signed at Montevideo, Uruguay, under which France undertakes to pay back to Uruguay the 15,000,000 gold pesos borrowed during the war for the purchase of produce, the repayment to be in ten installments of 1,500,000 gold pesos each, one to fall due every six months.

## METROPOLITAN CO. BANQUET PROGRAM TO BE BROADCAST

Radio Station WXPJ, New York, will broadcast the program to be presented the night of February 3 at the Hotel Astor when the banquet, which will include the convention of managers of the Metropolitan Insurance Company, will be held. The program will start at 8:30 P. M., eastern time. It follows:

Music, "Metropolitan Life," Frank

1. March, "band."

"Invitation," give club.

"The Old Road," choral society.

"Whispering," band.

"Jubilee," give club.

"Tally Ho," choral society.

Choral solo, "Home of Plenty,"

Y. March.

"Spring Along," give club.

"Lucky Love," choral society.

"Summer Picture," band.

Southern melodious, band.

"Light That Never Fails," solemn

blues.

"Our Spangled Banner," accompaniment

"Ode to the King," accompaniment

"O Canada," accompaniment.

## End Sore Throat and Chest Colds Overnight With Mustard—Sure

Good Hot Stuff—But Won't Hurt.

The medicine you rub on this only real substitute for the good old-fashioned, but blistering, mustard plaster. You will know that the misery, pain, agony and congestion has started to go.

Don't worry about that cold in the throat—that hacking cough or sore throat, for Mustardine applied tonight will take out all secretions by morning. But it's for pain, distress, for aching, lungache, neuralgia and for swollen, aching rheumatic joints. There is nothing so quickly effective for chills, cold or frost-bitten feet. Druggists everywhere will be glad to supply you, but be sure you get the original Reg's Mustardine in the yellow box. 25¢ and 50¢—Advertised.

Warning: Beware!

Be on your guard against cheap imitations and you will find them.

Send Your Name for Reg's Mustardine—Free!

See our "Mustardine" ad.

THE UNIVERSAL CAR

## Forecasting A Tremendous Spring Demand

# 739,626

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

Detroit, Michigan

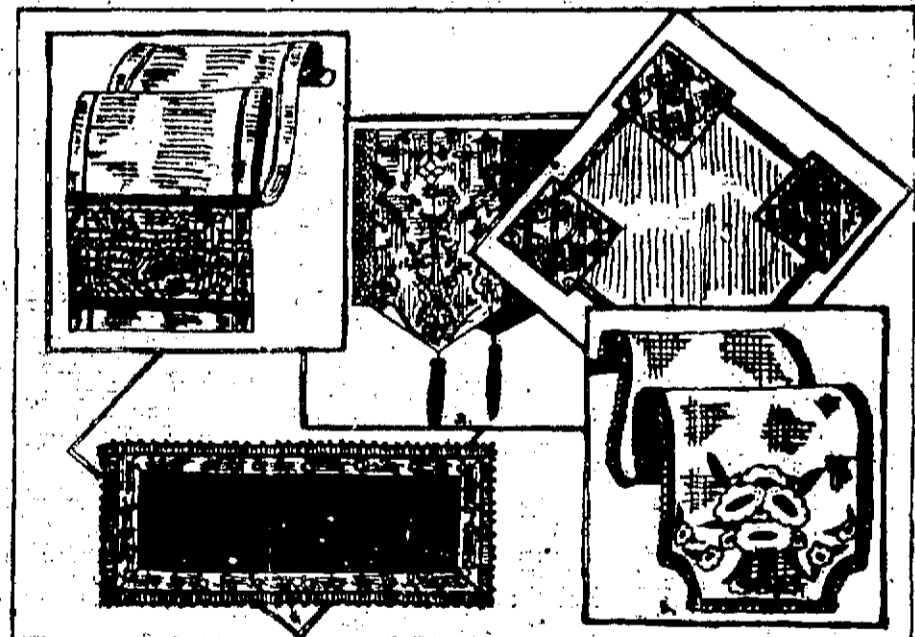

A small deposit down, with easy payments of the balance arranged, or your enrollment under the Ford Weekly Purchase Plan, will put you on order on the preferred list for spring delivery.

**See the Nearest Authorized  
Ford Dealer**

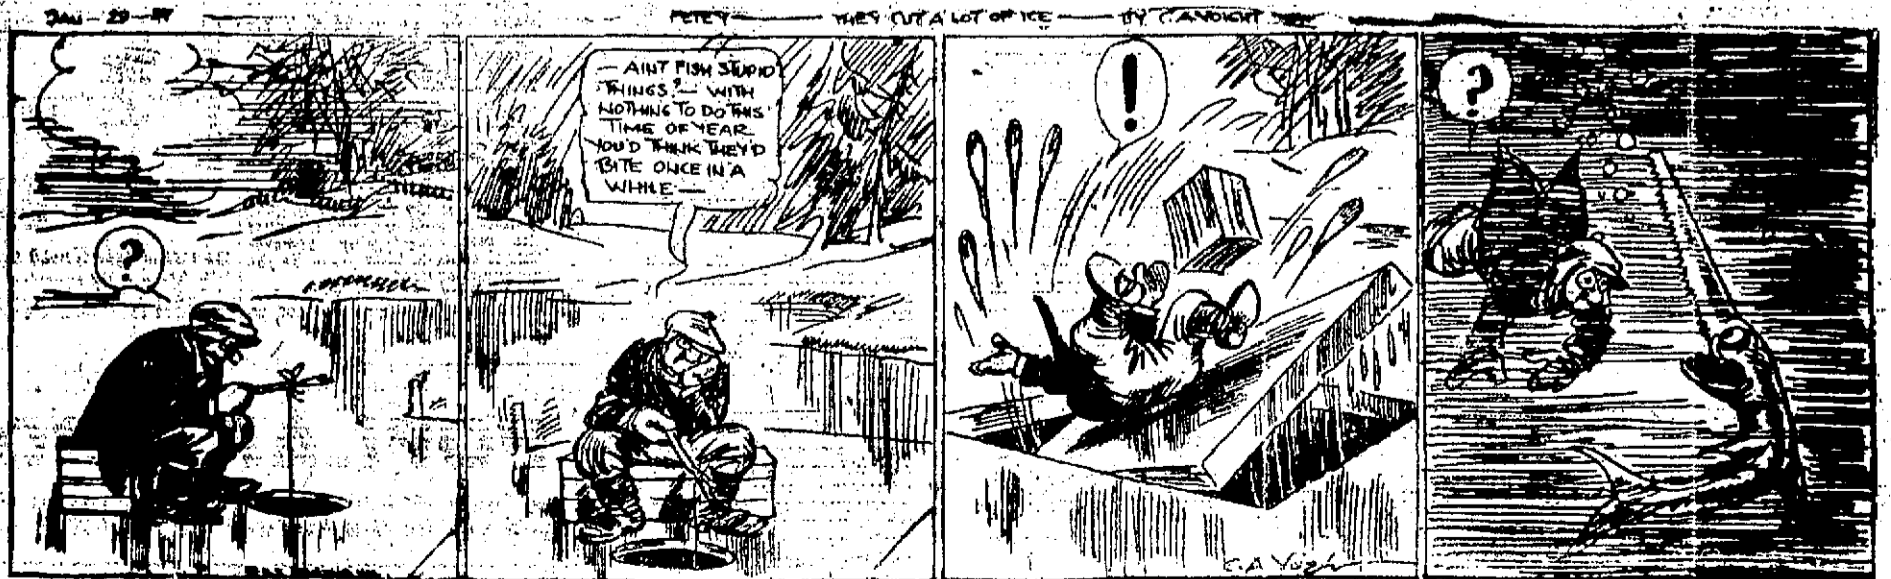

**ON THESE CHARMING RUN—GLUING SUPPLANTS SEWING**

A group of beautiful runners may be made by cutting appropriate fabrics the right length and width, and gluing on borders of ribbon. Gluing will be found far superior to thread in this, because glued runners lie flat and visible stitches and gathering are eliminated. Fig. 1 is a runner of moire silk, to the ends of which a border of brocade ribbon is glued. Fig. 2 shows a novelty border and a runner of silk.

brocade, and Fig. 3 is a square of plain velvet, in the corners of which squares of figured satin ribbon are glued. Figs. 4 and 5 show ribbon borders and cut-out motifs glued to the runners. The glue (applied sparingly) will hold the raw edge of the cretome intact. There will be no unravelling. In all this work use only the best quality liquid glue.

### Canada's Famous Miracle Shrine of Ste. Anne Beupre Rising From Its Ashes a Larger and Finer Basilica

What is the present situation at Ste. Anne de Beupre, site of the world-famous shrine on the St. Lawrence, below Quebec, and the famed Basilica destroyed on March 29th, 1932, to which thousands of pilgrims annually made their way? The answer will interest all who have heard of the miraculous cure effected there and all who value Canada's points of historic interest.

The action of the fire had not been so great as to destroy the entire shrine. The length of the church was 115 feet, the height of the spire 115 feet and the width 35 feet and the super-structure covered about 45,000 square feet, dimensions which were very favorably with those of the largest European churches.

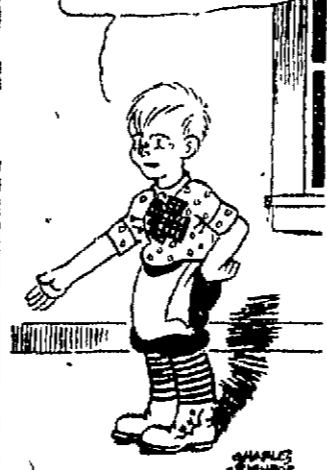

The foundations of this Basilica have now been completed and tenders for the steel structure, as well as for the brick and cut stone, have been accepted and this material is being received. The Reverend Fathers anticipate that the formal blessing of the new building will take place in three years' time and that it will be entirely finished in about five years.

In the meantime, unassuming in the residence that the sacred shrine must on no account cease to function, they have provided a temporary church which to some extent meets the emergency. A contractor was found who promised to erect in seven weeks a wooden edifice according to plans furnished by the Fathers, and this building was rushed to completion in the time specified. It stands near the ruined Basilica. The length is 144 feet, the width 30 feet, including the eight side chapels, which are eleven feet deep, each containing an altar for Mass and a confessional. The seating capacity is 1,500. To this shrine vast throngs of people still make pilgrimages.

They call for a building which will eclipse the old. It will be of combined and modernized Gothic and Roman style and absolutely fireproof, in the shape of a Latin cross of which the arms will form the transept, as in French churches of the Middle Ages. It will have five naves and seven bays like the cathedrals of Paris, Cologne and elsewhere in Europe. There will be two arched chapels at the extremities of the transept and service with altars in the great crypt. Altogether the church will contain 30 altars. The length will be 315 feet, the height of the spire 115 feet and the width 35 feet and the super-structure covered about 45,000 square feet, dimensions which were very favorably with those of the largest European churches.

### MICKIE SAYS—

DON'T KNOCK! WE COULD THROW THIS NEWSPAPER TOGETHER LOYS EASIER BUT IT WOULDN'T LOOK NEAR SO GOOD, NOR BE SO GOOD. OUR IDEAL IS TO MAKE EVERY ISSUE OF THIS HERE GREAT FAMILY JOURNAL 'TA' BEST WE CAN

NOT GRAVITY, BUT EGGS

"You seem to have upset the old lady's gravity, my boy."

"No, sir; 'twas her basket of eggs."

**Wearing Apparel.**  
A man may take an early fling and yet, as a campaigner, fall. Although his hat is in the ring, his shoes may never hit the trail.

**Where Silence Was Best.**  
Well-meaning stranger—Perhaps I can help you—there are one or two things I can tell you about your make of car.

**Motorist—Well, keep them to yourself, there are ladies present—London Bystander.**

**Such a Question!**  
Mrs. Mulcahy—An' why did you keep Mickey in after school?  
Teacher—T' was him who George Washington was and he only stood and looked at me.  
Mrs. Mulcahy—It's dumfounded the poor boy out of his ignorance, likely.

### A STORY AND A HALF HOME

DESIGNED BY W. W. PURDY

The design pictured shows another of the popular type of the story and a half home. This type appeals to those who wish the best rooms on the second floor, and still have a bungalow appearing exterior. The long sweeping roof lines give an abundance of closet space under the roof.

This home was planned for a client who desired to have a bedroom and toilet on the first floor; quite essential where there is sickness or an elderly couple in the family, who are unable to climb stairs. On the second floor are three good chambers, and complete bath.

The basement is complete in every respect, with laundry, fuel and boiler room.

The exterior is planned for brick to the first story windowsills, cement plaster above, and asphalt shingles on the roof. A combination of siding and shingles for the outside walls would look equally as well and would reduce the cost considerably, however this is offset in later years, by the painting required.

The floor and trim of the first floor, is of oak. Birch is used on the second floor for the floors, the trim being ivory enameled. Twenty-five feet in width, and forty-five for the total depth. It is estimated that this home can be built, exclusive of heating and plumbing for from \$7,000 to \$8,000.

## POPLAR GROVE LOTS

This Plan of Lots is situated in the most beautiful suburban section of the City. A 4-minute car ride; a 15-minute walk from "Brimstone Corner." C. B. McCORMICK, Box 144, will give you further information.

### Trinity Scholastics Beaten By German Township Hi Five

Local Organization Goes Down  
by Score of 52-29; Bittner  
Is the Star.

#### NELSON GIRLS DEFEATED

Two Connelville basketball teams lost games last night—one at home and the other away. While German Township was winning over the Trinity Scholastics in a hard-fought contest at the Armory the Nelson Girls, at Perryopolis, met their first defeat. The score in the game at the Armory was 52-29 and at Perry the final score of 4-3 was hung up.

The local game was played before a big crowd at the armory. The game had aroused considerable interest and approximately 300 fans were present. The Scholastics lost considerable strength when Seaton and Illig were disqualified on four personal fouls, but the surprise of the game was the playing of "Bud" Bittner, who really carried on the ball. He scored seven field goals.

The two teams are now on even terms as the locals won a recent game played at McAllellandtown.

The line-up:

Trinity—52.	G. T. H. S.—22.
Seaton	F. Cavalcante
Bittner	F. Deffenbaugh
Seaton	G. Christopher
Lowe	G. Gault
Illig	G. Ambrose

Substitutions—Stouffer for Lowe, Peck for Stouffer, Lowe for Seaton, Deffenbaugh for Illig, Halston for Gault.

Field goals—Bittner 7, Deffenbaugh 4, Christopher 3, Cavalcante 3, Seaton 3, Lowe 1, Ambrose 1, Gault, Stouffer, Seaton.

Foul goals—Seaton, 3 out of 5; Cavalcante, 2 out of 3; Christopher, 2 out of 10; Ambrose, 1 out of 3. Referee—Lewis.

Of Interest to Fans.

The C. A. U. and Tiger basketball teams of this place will meet tonight on the 5th. Veterans floor in Leaning.

Ray Walsh, High School captain and star guard, out with a sprained ankle, will be ready for action again before the close of the W. P. I. A. League season. He is taking extra good care of the injured member.

One main reason why the Cokers are still playing games and are leading the W. P. I. A. League is because of the conspicuous absence of "swell basketball." None of the boys is foolish enough to think the team is really a world-beater and each knows its success is due to coordinated effort and consistent fight. As long as this thought remains with them the team will win, but once someone begins to think the outfit can win on its reputation it is sure to hit the bumps.

A string of 14 straight victories, such as is held by the High School, is something to be justly proud of.

There will be a W. P. I. A. League game here on Friday night when their old rival—Scottdale—will be the opponent. The Cokers have already scored one victory over the team but the Hill Towners seem to have greatly improved since that time. A record crowd is looked for.

The Crescent Five desires games with any team in the junior division in Westmoreland county. Address: Manager, C. C. C., P. O. Box No. 427, Connelville.

The Unity Fraternity Duckpin League starts the second half of its season tonight. Before the other games are rolled the Shan-Frute and De-Frute tied for first place in the first half, will roll off.

### Local Lassies Fall Before Perry Outfit

Showing marked improvement of the form exhibited here a week ago, the Perry Township High School teachers' basketball team defeated the Nelson Girls at that place last night. The Cokers could not score, at no time becoming familiar enough with the Perry floor to accomplish the feat of shooting field goals. The Perry outfit won by the unusual score of 4-3.

Tenent of the locals, and Ecken of Perry were the only two able to locate the basket and each shot one goal. In the game here, won by the home team, the Nelson quintet literally "ran away" with the teachers. It is said a third game will be played between the two teams on a neutral floor.

The line-up:

Nelson Girls—3.	Perry—4.
G. Gault	F. Larson
Tennant	F. Ecken
Michaelis	G. Jenkins
Buttermore	G. Coldren
Kramer	G. Byers

Substitutions—McManus for Michaelis, R. Gault for G. Gault, McCormick for Buttermore.

Field goals—Ecken, Tennant.

Foul goals—Ecken 2 out of 6, G. Gault, 1 out of 3. Referee—Edwards.

Johnny Ray of Pittsburgh, failed to stage his "come-back" in his encounter with Jack Zivic at Pittsburgh last night. The judges awarding the decision to the latter. Zivic knocked out the punch to turn in a knock-out.

The Lion Tamers and Nelson Girls will play a joint game at the Armory Wednesday night. The former team is meeting the Perry Independents. The girls will play the New Alexandria Girls of near Greensburg.

The H. A. C. Twinklers and the Gorilla Five will play Thursday night on the Capital floor.

The Unity Fraternity's basketball team will hold another practice at the Armory Thursday evening. The team plays the Scottdale Y. M. C. A. "Big Five" at that place on Saturday, February 2.

The South Hills High School basketball team will be here on Saturday night, playing the Cokers. It is the best Saturday night game yet scheduled, Meyersdale excepted.

### Crescent Five Beats Scottdale "Y" Team

Playing the Crescent Five of this city in the preliminary game at the armory last night the Scottdale Y. M. C. A. Intermediates lost their first game. The score was 31-18. Kessler and Stevenson led in the scoring for the locals with five and three field goals respectively.

The line-up:

Scottdale—18.	Crescent—31.
Zimmerman	F. Kessler
Fulmer	F. Piles
Forster	G. Lohr
Whitall	G. Duffy
Stouffer	G. May

Substitutions—Lowe for Piles, Stevenson for Lohr, Pean for Lowe.

Field goals—Kessler 5, Stevenson 3, Porter 3, May 2, Stouffer, Duffy, Pean.

Foul goals—Scottdale, 11 out of 22; Crescent, 7 out of 20. Referee—Lewis.

## Sporting Squibs

According to Ty Cobb too many second basemen are second.

Dues in a high-class golf club are approximately \$200 a year.

Johnny Kelleher utility infielder for the Cubs, is now a member of the Boston Braves.

The big leagues plan to quit earlier next fall, which will be welcome news to the football fan.

The usual schedule of 102 games, opening on April 15, has been adopted by the International league.

Carl Mays says that if he is given a chance in the National league by the Giants he will win 20 games.

Bicycling is growing more popular in France and soon they may be complaining about the terrible "scorchers."

It seems reasonable to believe that at least 11 persons in the world agree with Walter Camp in his all-American selection.

Mike Kelley, new business head and manager of the Minneapolis Millers, has decided to train his team at Beaumont, Tex.

Nine major league clubs, in addition to several minor outfits, have so far decided to do their training in Florida next spring.

The Pittsburgh club announces the signing for trial of a college star from the University of Nebraska, named Verna Llewellyn.

President Harry Williams of the Coast league states that he expects to have back all the umpires who were in the league last season.

Not for any useful purpose but simply to satisfy curiosity, a lot of us wonder from time to time what Jack Dempsey thinks of the bonus.

The Dempsey-Carpentier and the Dempsey-Tyrpa fights are the only bouts in history that have drawn gross receipts of more than \$1,000,000.

During the present year a total of 112,770 golf players used the two Minneapolis public courses. The season extended from April 9 to November 26.

The business agents of the New York Yankees and the Rochester Internationals have arranged for a series of six games beginning March 31 at Savannah.

Tentative plans for the erection of a concrete stadium seating 90,000 at the home grounds of the Newark club of the International league have been accepted.

Yale's football schedule for 1924 opens with North Carolina October 4, followed by Georgia October 11, Dartmouth October 18, Brown, October 25, West Point, November 1, Maryland November 8, Princeton November 15; Harvard, November 22.

Captain of Cornell

Frank J. Henderson of Detroit, Mich., has been elected captain of the Cornell varsity football team for 1924. Henderson is a junior at the famous Ithaca university and played left end on the varsity eleven in 1922 and 1923.

## DR. McNAUGHER SPEAKS TO MEN AT SCOTSDALE

Rally at Y. M. C. A. First of Series at Which Leading Men Will Appear.

### BISHOP CLIPPINGER NEXT

Special to The Courier  
SCOTSDALE, Jan. 29.—The first of a series of churchmen's gatherings was held Monday at the Y. M. C. A. Others to be held the last Monday evening of each month. A dinner was held with the following present: W. L. Shaffer, R. F. Barsie, Jud T. Strickler, Dr. T. P. Strickler, Victor Vance, Albert McCrory, C. D. Shank, Rev. Paul S. Wright, Rev. W. C. Work, A. Hawthorne, C. M. Jarrett, G. F. Kelly, J. N. Wagonman, A. C. Snyder, Leo Skemp, W. W. Elcher, O. L. Baker, W. B. Rush, George F. McCurdy, Theodore Hockley, W. C. Anderson, J. M. Zimmers, W. H. Schwartz, Dr. J. A. Miller, Donald P. Davis, Bert Strickler, J. T. Lippa, Earl M. Gove, Rev. Dr. H. Lambach, Earl Connor, Rev. Dr. B. Leach, Rev. W. B. Nelson, J. H. Howell, H. A. Rowe, A. L. Mankamayer, A. L. Rosenthal, Frank C. Brooks, J. Dag-Hab, D. P. Rhua, J. N. Gault, Charles Bush, Albert Storey, D. H. Kelly, George McGovern, W. F. Stoner, C. H. Stoner, J. H. Brownfield, W. B. Hall, W. B. Barnhart, Rev. J. E. Hutchinson, C. E. Lewis, Rev. Judson Jeffries, Thomas W. Hayes, Harry Taylor and J. C. Gant.

Following the dinner, the guest of the evening, Dr. John McNaugher, president of Pittsburgh Theological Seminary, gave a most interesting talk on "Who Was Jesus?"

The next meeting will be held on Monday, February 25, when the guest will be Bishop A. R. Clippinger of the United Brethren Church.

Reading Demonstrations.  
A first-grade reading demonstration was held at the North Scottsdale schools yesterday afternoon, with the Gordon method being used. Miss Ruth Dorsey gave the demonstration.

W. Russell Carr Speaks.  
The Robbery Club held its regular weekly meeting at the Y. M. C. A. yesterday at noon, with a luncheon. W. Russell Carr of Uniontown spoke on "The Fundamentals of Rotary."

M. E. Study Classes.  
Along with prayer-meeting at the Methodist Episcopal Church on Wednesday evening, which begins at 7:30 o'clock, there will be study classes to begin at 8:15 o'clock and last until 9 o'clock. The subject of study for the prayer service will be "Home Missions—The New England States."

There will be two classes one that will study practical problems in school work, and a Christian service class in personal work.

Miss Anna Bille and Miss Helen Wolok of Everson spent Sunday in Pittsburgh visiting with friends. Miss Helen Jarrell of North Scottsdale arrived home Saturday after spending two weeks visiting her cousin, Mrs. A. Novak of Pittsburgh. Mrs. Joe Janenko and Mrs. P. H. Connors, Jr. spent the day with Mrs. John Blasko of Everson avenue.

The Woman's Home Missionary Society of the M. E. Church will hold a Runnago Sale Tuesday, Wednesday and Thursday in the Old Express Office on Broadway—Advertisement—29-14.

### About The Sale of White

THE SALE OF WHITE, 1924, is to be no usual event. It will, of course, bring large quantities of fresh new merchandise at very worth while price concessions. But it will go farther than that in its desire to help you. Just for instance—

—you will be able to see how sale materials will look after they have been made up into the lingerie you're planning.

—you will see hand-painted posters showing new Spring gingham as they appear in a made up garment.

—you will be greeted with a complete display of the new hosiery shades for Spring. And will have access to a chart which shows you what shades to choose to contrast with your favorite color in smart footwear—what shade will blend best with the color of your evening gown.

—you will be invited to take advantage of the lowest linen prices that this store has been able to quote in years.

The Sale begins next Friday, February 1st. We call your attention to it early that you may have plenty of time to check up your household supplies—and your personal needs—to be on hand early when the first day's selling begins. It's to be a really worth while—a really splendid event. We want all of our customers to be ready to reap their share of its values. Friday is the day!

## Twenty Years of Successful Automobile Building

January 28, Buick celebrates its twentieth birthday

Proud as Buick is of its growth within the short space of two decades, it is not in its vast organization that Buick takes its greatest pride. Rather it is in what these attainments indicate.

Buick's position of leadership has been achieved solely by the accomplishments of Buick cars in the hands of more than a million owners. In their dependable performance, in their satisfying comfort, and in their year by year fulfillment of every demand of motoring, Buick cars have won the place they occupy.

From the rich background of experience—with all of its unequalled manufacturing facilities—and inspired by a deep sense of personal obligation to Buick friends, owners and the general public—Buick will seek ever to maintain on an even higher level the confidence of the public which it now enjoys.
